Supplemental Figure 1. Flow diagram for the study

Eligible for study (n = 417)
  - Declined participation (n = 3)
  - Enrolled (n = 414)
    - Missing anthropometry (n = 1)
    - Unable to obtain blood (n = 3)
    - Not analyzed due to budgetary constraints (n = 10)
  - Final sample in metabolomics study (n = 400)
