Differences in outcome between twins and singletons born very preterm: results from a population-based European cohort

Emile Papiernik, Jennifer Zeitlin, Dominique Delmas, Béatrice Blondel, Wolfgang Künzel, Marina Cuttini, Tom Weber, Stavros Petrou, Ludwig Görtner, Louis Kollée, and Elizabeth S. Draper on behalf of The MOSAIC Group

Figure number 1 in this paper was published incorrectly. The legend is inversed, the black diamonds should be labeled singletons, while the white diamonds should be labeled twins. The authors would like to apologise for this error.
