

Supplementary Table SII Maternal and participant infant characteristics by infant soy formula feeding exposure in the Study of Environment, Lifestyle & Fibroids (SELF), 2010–2012.

Characteristic	All participants (n = 1553)		Subset with data when ages 18–22 (n = 1277) ^b	
	Ever fed soy formula (n = 198) n (%)	Never fed soy formula (n = 1355) n (%)	Ever fed soy formula (n = 163) n (%)	Never fed soy formula (n = 1114) n (%)
Maternal				
Age at delivery (years)				
12–19	35 (18)	312 (23)	31 (19)	254 (23)
20–24	63 (32)	439 (32)	55 (34)	366 (33)
25–29	52 (26)	362 (27)	43 (26)	286 (26)
30–34	35 (18)	174 (13)	25 (15)	147 (13)
35–52	13 (7)	68 (5)	9 (6)	61 (5)
Maternal smoking				
No	147 (74)	994 (73)	120 (74)	823 (74)
Yes	51 (26)	361 (27)	43 (26)	291 (26)
Gestational or pre-existing diabetes				
No	181 (93)	1274 (95)	149 (93)	1052 (96)
Yes	14 (7)	65 (5)	11 (7)	49 (4)
Missing	3	16	3	13
Pregnancy-related hypertension or pre-eclampsia				
No	155 (79)	1175 (89)	128 (80)	970 (89)
Yes	40 (21)	148 (11)	32 (20)	117 (11)
Missing	3	32	3	27
Highest educational level of mother or primary caregiver when participant was age 10 years				
≤HS or GED	72 (36)	643 (48)	59 (36)	528 (47)
Some college or Associate/technical degree	93 (47)	557 (41)	79 (48)	460 (41)
Bachelor's/Master's/doctoral degree	33 (17)	153 (11)	25 (15)	125 (11)
Missing	0	2	0	1
Household income during participant's childhood				
Poor	2 (1)	69 (5)	2 (1)	60 (5)
Low income	72 (36)	480 (35)	59 (36)	397 (36)
Middle income	110 (56)	702 (52)	91 (56)	575 (52)
Well off	14 (7)	103 (8)	11 (7)	82 (7)
Missing	0	1	0	0
Infant				
Birth weight (g)				
<2500	29 (15)	181 (13)	25 (15)	145 (13)
2500 to <3500	113 (57)	853 (63)	91 (56)	709 (64)
≥3500	55 (28)	311 (23)	46 (28)	250 (23)
Missing	1	10	1	10
Born a week or more before due date				
No	140 (72)	984 (75)	119 (74)	800 (75)
Yes	54 (28)	325 (25)	41 (26)	272 (25)
Yes, born 1–2 weeks early	25 (13)	186 (14)	20 (13)	154 (15)
Yes, born ≥3 weeks early	26 (14)	121 (9)	19 (12)	104 (10)
Yes, unknown number of weeks born early	3	18	2	14
Missing	4	46	3	42
