MO 63110, USA

The authors note the following errors in the reported cDNA sequence of rabbit tissue factor pathway inhibitor, TFPI
(a.k.a. lipoprotein associated coagulation inhibitor, extrinsic pathway inhibitor), Wesselschmidt et al., Nucleic Acids
Research 18, 6440, 1990; EMBL accession no. X54708.

Incorrect          Correct
GCC (Ala₄₈)         ACC (Thr₄₈)
TAC (Tyr₁₈₇)         TCA (Ser₁₈₇)
GAACGA (Glu₁₉₄Arg₁₉₅) GACAGA (Asp₁₉₄Arg₁₉₅)

These changes increase sequence identity with human TFPI at both the cDNA and amino acid level, but do not otherwise
alter the conclusions presented in the original report.
