Elevated cardiac troponin T is associated with increased left ventricular mass index and predicts mortality in continuous ambulatory peritoneal dialysis patients

Dursun Duman, Sena Tokay, Ahmet Toprak, Deniz Duman, Ahmet Oktay, Ishak Cetin Ozener and Ozlem Unay

Nephrol Dial Transplant May 2005 20: 962–967

The authors would like to apologise for the omission of Ozlem Unay MD from the above paper. Dr Unay participated in biochemical analysis with great dedication.

doi:10.1093/ndt/gfi001

What is antibody-mediated pure red cell aplasia (PRCA)?

In the original article the first use of recombinant epoetins was stated as beginning in 1998. This is incorrect. The first use of recombinant epoetins began in 1988.

The publisher would like to apologise for this error.
