Corrigendum

Low-density lipoprotein size and cardiovascular risk assessment

M. RIZZO and K. BERNEIS

The authors would like to apologize for an error in the citation and reference of Figure 1. The error occurs on page 2, which currently states: LDL heterogeneity and plasma triglyceride and HDL cholesterol concentrations (modified from reference 3).

The correct citation should be: LDL heterogeneity and plasma triglyceride and HDL cholesterol concentrations.24 The figure legend should refer to reference 24, as the figure was used from Griffin et al. Atherosclerosis 1990; 83:59–67.
